

ORDINANCE NO. 05-258

AN ORDINANCE OF THE MAYOR AND TOWN COUNCIL OF THE TOWN OF SNOWFLAKE, ARIZONA, RELATING TO THE SALE OF PRODUCTS CONTAINING PSEUDOEPHEDRINE; REGULATING THE MANNER OF SALE; AMENDING TITLE 5 OF THE TOWN CODE, BY ADDING CHAPTER 6; PROVIDING PENALTIES FOR THE VIOLATION THEREOF; AND DESIGNATING AN EFFECTIVE DATE.

RECITALS:

WHEREAS, the illicit manufacture of methamphetamine (meth labs) is a serious and continuing problem in this Town; and

WHEREAS, due to the flammable and toxic nature of the chemicals used in methamphetamine production, fires, explosions and hazardous materials contamination are common occurrences associated with meth labs; and

WHEREAS, meth labs are found in houses, apartments, hotel and motel rooms, trailers, in both residential and commercial areas, exposing law enforcement personnel, other first responders, the children of the persons operating the meth labs and any other persons in physical proximity to extremely dangerous conditions; and

WHEREAS, pseudoephedrine, ephedrine, norpseudoephedrine and phenylpropanolamine are key ingredients in methamphetamine production, and are found in many over-the-counter cold and allergy medications, these over-the-counter medications, by purchase or theft, being the prime source of pseudoephedrine in methamphetamine production, and

WHEREAS, recently enacted state legislation only restricts access to products containing pseudoephedrine as the only active ingredient; and

WHEREAS, the extraction of pseudoephedrine, ephedrine, norpseudoephedrine and phenylpropanolamine from these over-the-counter products is not materially different or more difficult in products containing pseudoephedrine, ephedrine, norpseudoephedrine and phenylpropanolamine with other active ingredients as from products containing pseudoephedrine, ephedrine, norpseudoephedrine and phenylpropanolamine as the only active ingredients; and

WHEREAS, other jurisdictions in the state and country have found that the restriction of open access to these products and requiring identification of buyers has substantially reduced the number of meth labs discovered in those jurisdictions;

ENACTMENT:
