# PROGRAMS

## **New! E-Cigarette Awareness**

This topic will focus on educating parents about the common myths and perceptions students have surrounding vaping and the use of e-cigarettes. Coordinators will provide information on the evolution of e-cigarettes and the dangers associated with the device and the chemicals people are inhaling when using them.

## **Opioid Awareness & Prevention**

This presentation addresses the opioid epidemic in Arizona. We will discuss numerous topics related to both use of prescription opioids as well as illicit usage, focusing on prevalence, prevention, and support.

## **Suicide Prevention**

This presentation addresses the teen suicide epidemic at both statewide and national levels. We discuss what to do when someone talks about ending their life, tools that help alert us to the warning signs and learn about risk and protective factors for youth suicidality. We will also provide the helpful resources for further guidance.

## **Cyber Safety**

This presentation covers general topics related to social media and some helpful information for parents. We cover sexting, cyber-predators, cyber-bullying, popular apps and social media websites.

## **Human Trafficking**

This presentation discusses the crime of human trafficking, how traffickers find their victims, and steps teens can take to protect themselves. We also provide real-life examples of human trafficking in Arizona and explain what you should do if you suspect someone may be a victim of human trafficking.

## **Anti-Bullying**

Addresses the different types of bullying, how it's affecting our youth, and preventative measures parents can take. We explain why teaching kindness and being empathetic is important and the relationship it has with bullying. We also give tips to parents on how to help their child become resilient to criticism.

## **Young Consumers**

Addresses how young adults can be safe consumers and avoid becoming victims of scams and identity theft. We provide an overview on how to safely apply for credit cards, car loans, and student loans, as well as first-time car buying tips.

**Webinars for programs above are now available.**
